- ☐ Class Setups

[1] Web Page Frontend

[2] Error messages that could occure while running the Application

Views [1]

Exceptions [2]

Don't be scared getting one of these!

```
BLANK_OR_EMPTY_MSG("cannot be empty or blank!"),
DATA_NOT_FOUND("cannot be accessed or does not exist!"),
DUPLICATE_DATA_FOUND("is already created!"),
WRONG_RANGE_INPUT(" is not in the expected range!");
```
